General information

- Regional Rmax Challenge races will not count as qualifiers for the CCRKC Grand Nationals unless the driver has secured his 2008 Rotax Membership/License
- Each participant at an official Rmax Challenge event is required to show his current membership license and engine passport(s) at registration and scrutineering.
- Engine passports cannot have a written in ID for the last service center working on the engine. The service centers name must be on the passport with a stamp or label.

- Date of application and date of birth must both be filled out.

- Applications missing information or containing information that is not clear will be returned.
To all series officials: Over 75% of all applications taken on race day at the track were missing information and the information recorded was not clear enough to read. It is the responsibility of the series officials to insure the quality of the application and that all needed information is included.
- If the applicant is under the age of 18 and no birth certificate or green card was submitted in 2007 it must be submitted with the application or be sent immediately following. Application processing will be held until all needed information is submitted.
